Barry C. Scheck, Director

Benjamin N. Cardozo School of Law
100 Fifth Avenue, 3rd Floor
New York, New York 10010

Dear Mr. Barry C. Scheck, Director:

I was informed to contact you by my attorney Mr. Steven Hanlon, 2099 – Pennsylvania Ave., N.W. Washington, DC 20006, he said that he know you and would send me a letter to do exactly as I am doing; however, through my travels I was unable to get the letter or even get contact with Mr. Steven Hanlon.

To give you some history of my situation; I was arrested and convicted/plead guilty to 1st degree arm robbery and burglary at the age of 17 in 1987. I received probation for (3) three years in 1989 by Washington DC Superior Court Judge Shooka (male). He is currently deceased.

I arrived home from prison in December 1990 to commence my Probationary period ordered by the courts for the 1st degree arm robbery, and burglary. The stipulation of my probation was that I had to attend or go to District of Columbia's City of Lights Program (Special Educational Schooling), which was in NW Washington DC, at that time. Moreover it was documented by schools that I attended as well as the DC Superior Court System that I was unable to neither read nor write. To add at that specific time I was receiving government assistance well known as the SSI Checks due to my mentioned disability as well as others.

My attorney at that time was Mr. Tony Milton Lee attorney who was appointed by the court (public defender). He is currently a District of Columbia (DC) Magistrate of the courts.

In November 29, 1992 I was still on probation for the 1st degree arm robbery, and burglary when I was re-arrested for nine (9) charges (felonies) in which are provided on my application. My defense attorney for the nine (9) charges present was my requested attorney, and who was my 1st attorney appointed to me by the courts, Mr. Tony Lee. I went to trial and was convicted of all nine charges. However before and during the trial my attorney Mr. Tony Lee, the prosecutor (female) I do not recall her name, the Judge, and myself stood before the Judge. At that time my attorney Mr. Lee had asked me that the government wanted to know if I was willing to give pubic hairs and saliva samples so that they could see if it would match any possible findings at the scene of the crime or the victim. I told my attorney that they could have what ever they need to do the test.

Page 2 of 3

In complying with the request I proceeded to the cage behind the court room. I provided the pubic hairs, and saliva samples for the DNA Testing. After providing the samples my attorney came to where I was, in the back of the courts. I had asked my attorney to why did they not request to draw blood from me as well? My attorney started to laugh and stated, "That we will not open up that Pandora's box!" Not knowing what that meant, I asked my attorney, "What did you mean by that?" My attorney stated, "If they do not ask, we are not going to offer it." This tie into the fact that a State Official stated in court that he witnessed blood samples being drawn from me, when in fact it did not happen.

Moreover during the trial proceedings a government official testified under oath that he was present when my blood was drawn for the DNA Testing. However there is no documentation stating or showing that blood was drawn from me. Again the DNA doctor testified that he did the test however during the testimony the doctor did not present any documentation what was used to do the testing method with.

To bring you up to speed, during my original appeal I received a new court appointed (public defender) Mr. Matthew Robinson. Due to the false testimony on the behalf of the DNA doctor stating that blood was drawn from me, and my attorney not arguing the case; I asked new appointed attorney to file for me the case of insufficient counseling against Attorney Tony Milton Lee who does not and did not work as a public defender at the time of requesting this motion. My appointed attorney stated that he could, and would not file a motion of insufficient counseling due to Mr. Tony Lee use to be his supervisor. My case is this being that my current attorney felt he could not file insufficient counseling due to my past attorney being his boss, he should have informed the judge that there was a conflict of interest and or remove himself or have the judge appoint another attorney to represent my case.

In 1999 an Inmate Frank Hanning filed Pro Se for me (Appeal on the (9) nine felonies convicted on). He was granted oral argument on my behalf. However inmate Frank Hanning upon submitting the oral argument for my Pro Se he amended/changed parts of the oral argument in which were not in the original. In doing this, it showed that he did not understand the law, and due to his incompetence my case was denied.

Due to not being able to read or write and the law states when an individual files Pro Se they are not confined to the same standards as a certified attorney. However on August 10, 2005 Judge Herbert B. Dixon Jr. Superior Court of the District of Columbia stated that I was procedurally barred and that my case lack substantive merit, and therefore denied my case.

Provided I have is your application, and some of the answers on your application form are answered on a separate piece of paper/pages typed. Please accept this. If you have any questions I can be reached via correspondence at the address above and my name and numbers are at the bottom of this page.

In conclusion I am requesting help from your agency in acquiring a DNA testing to clear my name and to show that I am innocent.

Sincerely yours,

David Lee Womack

Re: Information Inquiry. Case No. F12260-92

Please be advised the above name Petitioner is illiterate and that this instant letter of information inquiry is being written by another prisoner who is a layman of the law in an attempt to assist the above name Petitioner in litigating his case through the appeal process.

After reviewing the above name Petitioner's limited case file, it is unclear to me as to the status of his case. Listed below is a brief summary of the procedural case history as I understand it.

On or about September 1, 2005 a Notice of Appeal was filed to the Superior Court of the District of Columbia Criminal Division appealing an order issued on or about August 12, 2005 by Honorable Judge Herbert B. Dixon denying Petitioner's Motion to Vacate sentence pursuant to D.C. Code § 23-110.

On or about October 31, 2005 the Appeal's Court accepted Petitioner's Notice of Appeal in a styled order; 05. Co-001139 David L. Womack V. United States, Case file no. F12260-92.

In the order a briefing schedule was to be ordered followed by the Clerk's office of the D.C. Superior Court submitting to the Court of Appeal the record index and record copies as required by D.C. App. R. 11 (b) (3) (A). It is at this point where the above case seemed to have stalled.

I look forward to hearing from your office at your most earliest convenience in regards to the current status of the above case and any other information your office can provide. Thank you in advance for your time and consideration in this matter.

Respectfully submitted

NOTE: This letter was written for Mr. Womack as he is illiterate beyond signing his name.
